Alark, a signer of the proc-lamation of the "Irish republic," and others and the haster execution of the leaders have drawn the attention of the entire world to Ireland. This, on what seems to be the eve of the adoption of a conscription bill in all England and Ireland, may lead to many changes in the British cabinet. If 16161 The revolt is the outcome of the Sinn

He has been for a long time active in Irish politics and always on the anti-English side. He has been an organizer for the Sinn Feln and was bust. ness manager of Irlsh Freedom until its suppression a year ago.

the same time abstain from violence or the infraction of the British laws. A rather amusing and impracticable reform was to induce all Irishmen not to smoke tobacco or drink wine or oth er spirits that have paid duty to the British tree sury and in that way to reduce the revenues of the British gov-ernment. The sinn Feiners were probbly the only party that ever started a temperance and anti-tobacco crusade from political rather than moral or

The duty of every schoolteacher is to impress upon the minds of all children the advantage of carrying out the policy of the Sinn Fein, of learning the Irish language, of encouraging and assisting Irish industries, to make Ireland more Irish, more prosperous, more exclusive, more self reliant and more independent and to ignore peacefully but completely everything that i

Arrest of Sullivan.

James Mark Sullivan, the forme American diplomat who was arrested in connection with the uprising became most widely known in this cour try during the investigation of his ca reer from 1913 to 1915 as minister to Santo Domingo, an investigation which resulted in his resignation after an un favorable report on his conduct had conducted the investigation.

The most sorious charges were alle gations that he sacrificed the interest of the Island to work in the interests of the Banco National financiers, seek ing control of contracts, concession and deposits, with exploitation and de ment schemes amounting to more than \$100,000,000. No direct proof wa rought to support these charges, bu in a verdict that Sullivan was "unfit. One of the details of the testimony

was that Ballivan in his undershir met visiting diplomats and that, at the instance of William J. Bryan, then see retary of state, he made various unfi appointments. Creditors testified to the minister's unpaid personal debts. Sullivan was bonn at Killarney, Ire
